1.10. NEGOTIATIONS

Negotiations will be conducted on behalf of the Government by the GSA Contracting Officer or other authorized representative. The GSA Contracting Officer is named on the cover of this solicitation. GSA will negotiate rental price for the initial term, any renewal periods, and any other aspect of the offer as deemed necessary.

1.11. PRICE EVALUATION (PRESENT VALUE) (JUN 1994)

- (a) If annual CPI adjustments in operating expenses are included, Offerors are required to submit their offers with the total "gross" annual price per rentable square foot and a breakout of the "base" price per rentable square foot for services and utilities (operating expenses) to be provided by the Lessor. The "gross" price shall include the "base" price.
- (b) Offerors are required to submit plans and any other information to demonstrate that the rentable space yields occupiable space within the required occupiable range. The Government will verify the amount of occupiable square footage and convert the rentable prices offered to occupiable prices, which will subsequently be used in the price evaluation.
- (c) If the offer includes annual adjustments in operating expenses, the base price per occupiable square foot from which adjustments are made will be the base price for the term of the lease, including any option periods.
- (d) Evaluation of offers will be on the basis of the annual price per occupiable square foot, including any option periods. The Government will perform present value price evaluation by reducing the prices per occupiable square foot to a composite annual occupiable square foot price, as follows:
- (1) Parking and wareyard areas will be excluded from the total square footage, but not from the price. For different types of space, the gross annual per square foot price will be determined by dividing the total annual rental by the total square footage minus these areas.
 - (2) If annual adjustments in operating expenses will not be made, the gross annual per square foot price will be discounted annually at 8 percent to yield a gross present value cost (PVC) per square foot.
 - (3) If annual adjustments in operating expenses will be made, the annual per square foot price, minus the base cost of operating expenses, will be discounted annually at 8 percent to yield a net PVC per square foot. The operating expenses will be both escalated at 4 percent compounded annually and discounted annually at 8 percent, then added to the net PVC to yield the gross PVC.
 - (4) To the gross PVC will be added:
 - The cost of Government provided services not included in the rental escalated at 4 percent compounded annually and discounted annually at 8 percent.
 - The annualized (over the full term) per occupiable square foot cost of any items which are to be reimbursed in a lump sum payment. (The cost of these items is present value; therefore, it will not be discounted.)
 - (5) The sum of either (2) and (4) or (3) and (4), above, will be the per occupiable square foot present value of the offer for price evaluation purposes.

1.12. HISTORIC PREFERENCE, GSAR 552.270-4 (JUN 1994)

- (a) Preference will be given to Offerors of space in buildings in, or formally listed as eligible for inclusion in the National Register of Historic Places, and to historically significant buildings in historic districts listed in the National Register. Such preference will be extended to historic buildings and will result in award if:
- (1) The offer for space meets the terms and conditions of this solicitation as well as any other offer received. (It is within the discretion of the Contracting Officer to accept alternatives to certain architectural characteristics and safety features defined elsewhere in this solicitation to maintain the historical integrity of the building, such as high ceiling, wooden floors, etc.) and

(2) The rental is no more than 10 percent higher, on a total annual square foot (occupiable) cost to the Government, than the lowest otherwise acceptable offer.

(b) If more than one offer of an historic building is received and they meet the above criteria, an award will then be made to the lowest priced historic property offered.

1.13. AWARD

After conclusion of negotiations, the Contracting Officer will require the Offeror selected for award to execute the proposed lease prepared by GSA which reflects the proposed agreement of the parties.

The proposed lease shall consist of:

- (a) Standard Form 2, U.S. Government Lease for Real Property,
- (b) GSA Form 3517, General Clauses,
- (c) GSA Form 3518, Representations and Certifications,
- (d) The pertinent provisions of the offer, and
- (e) The pertinent provisions of the SFO.

The acceptance of the offer and award of the lease by the Government occurs upon notification of unconditional acceptance of the offer or execution of the lease by the GSA Contracting Officer and mailing or otherwise furnishing written notification or the executed lease to the successful Offeror.

1.14. OCCUPATIONAL PROTECTION, HEALTH AND ENVIRONMENTAL SAFETY (OCT 1996)

The leased space shall not expose the occupant to undue safety and environmental risks.

1.15. HANDICAP ACCESSIBILITY FOR NEW CONSTRUCTION (JUL 1994)

2.0 AWARD FACTORS

2.1. AWARD FACTORS: GENERAL

The Contracting Officer will conduct oral or written negotiations with all Offerors that are within the competitive range. The competitive range will be established by the Contracting Officer on the basis of cost or price and other factors (if any) that are stated in this solicitation and will include all offers that have a reasonable chance of being selected for award. The Offerors will be provided a reasonable opportunity to submit any cost or price, technical, or other revisions to their offers that may result from the negotiations. Negotiations will be closed with submission of "Best and Final" offers.

2.2. HANDICAPPED (JUL 1994)

All offers received in response to the request for "Best and Final" offers will be initially evaluated to determine whether the offers fully meet the handicapped accessibility requirements for new construction of the Uniform Federal Accessibility Standards (UFAS) (Federal Register vol. 49, No. 153, August 7, 1984, reissued as FED. STD. 795, dated April 1, 1988, and amended by Federal Property Management Regulations Amendment D-88, 54 FR 12627, March 28, 1989). All technical requirements for handicapped accessibility in this solicitation are the same as those in Section 4.1.2 Accessible Buildings, New Construction, of UFAS. When clarification is required, UFAS shall be consulted. If any offers are received which fully meet handicapped requirements of new construction, then other offers which do not fully meet these requirements will not be considered.

FULL COMPLIANCE:

"Fully meets" as used herein with respect to the handicapped requirements means the offer fully complies with the requirements stated in the following subparagraphs of "Handicapped Accessibility":

Parking and Loading Zones, Route, Entrance and Egress, Ramps, Stairs, Handrails, Doors, Elevators, Telephones, Controls, Signage, Alarms, Drinking Fountains, Storage Facilities, Seating and Work Stations, Assembly Areas, and Toilet Rooms.

SUBSTANTIAL COMPLIANCE:

In accordance with UFAS, if no offer is received which fully meets handicapped accessibility requirements of new construction, but an offer(s) is received which substantially meets these requirements, then other offers which do not substantially meet these requirements will not be considered. "Substantially meets" as used herein with respect to the handicapped requirements means the offer fully complies with the requirements stated in the following subparagraphs of "Handicapped Accessibility":

Parking and Loading Zones, Route, Ramps, Entrance and Egress, Stairs, Doors, Drinking Fountains, Toilet Rooms and at least one elevator where necessary for route.

LESS THAN SUBSTANTIAL COMPLIANCE:

In accordance with UFAS, if no offer is received which either fully or substantially meets handicapped accessibility requirements of new construction, consideration will be given only to offers which meet the following minimum requirements:

- (a) At least one accessible route shall be provided from an accessible entrance to the leased space and all required accessible areas. At least one elevator shall be provided where necessary for accessible route. Other handicapped paragraphs shall apply as necessary, including but not limited to Controls and Signage.
- (b) If parking is provided, then accessible spaces shall be provided in conformance with the table in the handicapped "Parking and Loading Zones" specifications.
- (c) Accessible toilet rooms shall be provided as follows:
 - (1) Where more than one toilet room for each sex is provided on a floor on which the Government leases space, at least one toilet room for each sex on that floor shall be accessible.
 - (2) Where only one toilet room for each sex is provided on a floor on which the Government leases space, either one unisex toilet room or one toilet room for each sex on that floor shall be accessible.
 - (3) Where only one toilet room is provided in a building where the Government leases space, one unisex toilet room shall be accessible.
 - (4) In a qualified historic building where the Advisory Council on Historic Preservation determines that providing the above minimum accessible toilet facilities would threaten or destroy the historic integrity of the space, at least one unisex toilet room in the building shall be accessible.

If no offer is received which meets the minimum requirements described above, offers will not be considered unless a waiver of handicapped requirements is requested by the Contracting Officer and granted by the GSA Administrator.

2.3. HANDICAPPED AND SEISMIC SAFETY (JUL 1994)

All offerors received in response to the request for "Best and Final" offers will be initially evaluated to determine whether the offers fully meet the seismic safety requirements of the Uniform Building Code (UBC) and the handicapped accessibility requirements for new construction of the Uniform Federal Accessibility Standards (UFAS) (Federal Register vol. 49, No. 153, August 7, 1984, reissued as FED. STD. 795, dated April 1, 1988, and amended by Federal Property Management Regulations Amendment D-88, 54 FR 12627, March 28, 1989). All technical requirements for handicapped accessibility in this solicitation are the same as those in Section 4.1.2 Accessible Buildings, New Construction, of UFAS. When clarification is required, UFAS shall be consulted. If any offers are received which fully meet handicapped requirements of new construction, then other offers which do not fully meet these requirements will not be considered.

FULL COMPLIANCE:

"Fully meets" as used herein with respect to the handicapped requirements means the offer fully complies with the requirements stated in the following subparagraphs of "Handicapped Accessibility":

Parking and Loading Zones, Route, Entrance and Egress, Ramps, Stairs, Handrails, Doors, Elevators, Telephones, Controls, Signage, Alarms, Drinking Fountains, Storage Facilities, Seating and Work Stations, Assembly Areas, and Toilet Rooms.

"Fully meets" with regard to seismic safety means the offer contains a certification by a registered structural engineer that the building conforms to seismic requirements for new construction of the current (as of the date of this solicitation) edition of the UBC or the 1970 edition if the lateral load resisting system is of steel construction or the 1976 edition if the lateral load resisting system is of concrete or masonry construction.

SUBSTANTIAL COMPLIANCE:

In accordance with UFAS, if no offer is received which fully meets handicapped accessibility requirements for new construction, but an offer(s) is received which substantially meets these requirements, then other offers which do not substantially meet these requirements will not be considered. "Substantially meets" as used herein with respect to the handicapped requirements means the offer fully complies with the requirements stated in the following subparagraphs of "Handicapped Accessibility":

Parking and Loading Zones, Route, Ramps, Entrance and Egress, Stairs, Doors, Drinking Fountains, Toilet Rooms and at least one elevator where necessary for route.

"Substantially meets" with regard to seismic safety means the Offeror has provided an analysis by a registered structural engineer that specifically describes all exceptions to full UBC compliance and a statement that the building has adequate strength to resist the maximum credible earthquake without collapse. Structural calculations may be required.

LESS THAN SUBSTANTIAL COMPLIANCE:

In accordance with UFAS, if no offer is received which either fully or substantially meets the handicapped accessibility requirements of new construction, consideration will be given only to offers which meet the following minimum requirements:

- (a) At least one accessible route shall be provided from an accessible entrance to the leased space and all required accessible areas. At least one elevator shall be provided where necessary for accessible route. Other handicapped paragraphs shall apply as necessary, including but not limited to Controls and Signage.
- (b) If parking is provided, then accessible spaces shall be provided in conformance with the table in the handicapped "Parking and Loading Zones" specifications.
- (c) Accessible toilet rooms shall be provided as follows:
 - (1) Where more than one toilet room for each sex is provided on a floor on which the Government leases space, at least one toilet room for each sex on that floor shall be accessible.
 - (2) Where only one toilet room for each sex is provided on a floor on which the Government leases space, either one unisex toilet room or one toilet room for each sex on that floor shall be accessible.
 - (3) Where only one toilet room is provided in a building where the Government leases space, one unisex toilet room shall be accessible.
 - (4) In a qualified historic building where the Advisory Council on Historic Preservation determines that providing the above minimum accessible toilet facilities would threaten or destroy the historic integrity of the space, at least one unisex toilet room in the building shall be accessible.

If no offer is received which meets the minimum requirements described above, offers will not be considered unless a waiver of handicapped requirements is requested by the Contracting Officer and granted by the GSA Administrator.

If no offer meets the modified seismic safety requirements described above, the Contracting Officer will make an award consistent with the other requirements of the solicitation.

2.4. AWARD BASED ON PRICE (JUN 1993)

After review of "Best and Final" offers is complete, the lease will be awarded to the responsible Offeror whose offer conforms to the requirements of this solicitation and is the lowest priced offer submitted (see the SFO paragraph entitled "Price Evaluation (Present Value)").

3.0 MISCELLANEOUS

3.1. UNIT COSTS FOR ADJUSTMENTS

Several paragraphs in this SFO specify means for determining quantities of materials. These are Government projections to assist the Offeror in cost estimating. Actual quantities may not be determined until after the lease is awarded and the space layout completed. To enable an equitable settlement if the Government layout departs from the projection, the Offeror must list a unit cost for each of these materials. GSA will use each unit cost to make a lump sum payment or rental increase if the amount of material required by the layout is more than specified or take credit from rental if the amount is less than specified. Offerors are required to state in the offer or in an attachment:

- The cost per linear foot of office subdividing ceiling-high partitioning.
- The cost per floor mounted duplex electrical outlet.
- The cost per wall mounted duplex electrical outlet.
- The cost per floor mounted fourplex (double duplex) electrical outlet.
- The cost per wall mounted fourplex (double duplex) electrical outlet.
- The cost per dedicated clean electrical computer receptacle.
- The cost per floor mounted telephone outlet.
- The cost per wall mounted telephone outlet.
- The cost per solid core interior door including frame and hardware.

3.2. ALTERATIONS \$25,000 OR LESS

- (a) The unit prices which the Offeror is required to list will be used, upon acceptance by GSA, during the first year of the lease to price alterations costing \$25,000 or less. These prices may be indexed or renegotiated to apply to subsequent years of the lease upon mutual agreement of the Lessor and Government.
- (b) Where unit prices for alterations are not available, the Lessor may be requested to provide a price proposal for the alterations. Orders will be placed by issuance of a GSA Form 276, Supplemental Lease Agreement, a GSA Form 300, Order for Supplies or Services, or a tenant agency approved form. The clauses entitled "GSAR 552.232-71 Prompt Payment (APR 1989)" and "GSAR 552.232-72 Invoice Requirements (Variation) (APR 1989)" apply to orders for alterations (see GSA Form 3517). All orders are subject to the terms and conditions of this lease.
- (c) Orders may be placed by the Contracting Officer, the GSA buildings manager or tenant agency officials when specifically authorized to do so by the Contracting Officer. The Contracting Officer will provide the Lessor with a list of agency officials authorized to place orders and will specify any limitations on the authority delegated to tenant agency officials. The tenant agency officials are not authorized to deal with the Lessor on any other matters.
- (d) Payments for alterations ordered by tenant agencies will be made directly by the agency placing the order.

4.0 TAX ADJUSTMENT GSAR 552.270-24 (DEVIATION 1/91)

(A) The Government shall pay additional rent for its share of increases in real estate taxes over taxes paid for the calendar year in which its lease commences (the "base year"), subject to the limitations set forth below. Payment will be in a lump sum and become due on the first workday of the month following the month in which paid tax receipts for the base year and current year are presented, or the anniversary date of the lease, whichever is later. The Government will be responsible for payment only if the receipts are submitted within 60 calendar days of the date the tax payment is due.

The following limitation shall apply with respect to selection of a base year: If the building is assessed as new construction (as defined below) during a year which would otherwise be a base year and such assessment is not in effect for the entire calendar year, the "base year" will be the first calendar year for which a full assessment of the completed project is in effect for the entire year. For example, the base year could be the first calendar year following a calendar year in which construction is completed and a reassessment is made.

If an improvement (other than an improvement which results in a change of base year) or a change in ownership occurring during the base year is not fully reflected in real estate taxes for the entire base year, the base year real estate taxes shall be adjusted as follows: Base year taxes shall be increased by the amount of additional taxes which would have been paid for the base year if the improvement or change in ownership had been fully reflected in the base year real estate taxes for the entire year. The Government shall not be liable for increases in real estate taxes (whether the increases result from increased rate and/or valuation) attributable to any improvement or change in ownership which occurs or is completed after the base year.

For the purpose of this Tax Adjustment Clause:

1. "change in ownership" has the same definition as in California Revenue and Taxation Code, Part 0.5, Chapter 2, as amended or replaced from time to time;

GR

2. "improvement" means any addition, alteration or improvement to real property, excluding however construction which (i) is performed by or at the request of the Government, (ii) is for the sole benefit of the Government, and (iii) is not required to make the property ready for occupancy by the Government in accordance with the terms of the lease or otherwise required by the lease; and

3. "new construction" has the same definition as in California Revenue and Taxation Code Section 70, as amended or replaced from time to time, which includes, without limitation, major rehabilitation and change in use.

(B) The Government's share of the tax increase will be based on the ratio of the rentable square feet occupied by the Government to the total rentable square feet in the building. If the Government's lease terminates before the end of a calendar year, payment will be based on the percentage of the year in which the Government occupied space. The payment will not include penalties for nonpayment or delay in payment. If there is any variance between the assessed value of the Government's space and other space in the building, the Government may adjust the basis for determining its share of the tax increase.

(C) The Government at any time and from time to time may contest the tax assessment or any real property taxes to be paid by the Government by initiating legal proceedings on behalf of the Government and the Lessor or the Government alone. The Lessor shall fully cooperate with the Government in the event the Government institutes any such proceedings including, without limitation, providing relevant documents and signing (and, if necessary, verifying) legal documents submitted to administrative and judicial bodies (e.g., a local Assessment Appeals Board). If the Government is precluded from taking legal action or elects, in its sole discretion, to request that the Lessor institute and pursue legal action to contest a tax assessment, the Lessor shall contest the assessment upon reasonable written notice from the Government. The Lessor shall keep the Government apprised of the progress of the legal proceedings and shall promptly provide copies of any decisions from any Assessment Appeals Board or other administrative or judicial bodies. The Government shall reimburse the Lessor for all costs and shall execute all documents required for the legal proceedings; provided, however, that the Government shall not be liable for costs associated with an appeal of an initial negative decision by an Assessment Appeals Board or other judicial or administrative body unless the Government has consented in writing to finance the costs of further challenging that adverse decision. The Government shall receive its share of any tax refund. If the Government elects to contest the tax assessment either directly or through the Lessor, payment of the adjusted rent shall become due on the first workday of the second month following a final determination of the appeal proceedings.

(D) In the event of any decreases in real estate taxes occurring during the term of occupancy under the lease, the rental amount will be reduced accordingly. The amount of any such reductions will be determined in the same manner as increases in rent provided under this clause.

(E) If the Government exercises an option to extend the lease term at the same rental rate as the original rental rate under the lease, annual adjustments will continue as if the option term had been included in the original term. If the Government exercises an option to extend the lease term at a rental rate which is not the same as the original rental rate under the lease, the base year for adjustments during the option term shall be determined by substituting "option term commences" for "lease commences" in Paragraph (A) of this Tax Adjustment clause.

4.1. PERCENTAGE OF OCCUPANCY

The percent of the building occupied by the Government, for purposes of tax adjustments, will be established during negotiations.

4.2. OPERATING COSTS, GSAR 552.270-23 (JUN 1985)

- (a) Beginning with the second year of the lease and each year after, the Government shall pay adjusted rent for changes in costs for cleaning services, supplies, materials, maintenance, trash removal, landscaping, water, sewer charges, heating, electricity, and certain administrative expenses attributable to occupancy. Applicable costs listed on GSA Form 1217, Lessor's Annual Cost Statement, when negotiated and agreed upon, will be used to determine the base rate for operating costs adjustment.
- (b) The amount of adjustment will be determined by multiplying the base rate by the percent of change in the Cost of Living Index. The percent change will be computed by comparing the index figure published for the month prior to the lease commencement date with the index figure published for the month which begins each successive 12-month period. For example, a lease which commences in June of 1985 would use the index published for May of 1985 and that figure would be compared with the index published for May of 1986, May of 1987, and so on, to determine the percent change. The Cost of Living Index will be measured by the U.S. Department of Labor revised Consumer Price Index for wage earners and clerical workers, U.S. City average, all items figure, (1982-84 = 100) published by the Bureau of Labor Statistics. Payment will be made with the monthly installment of fixed rent. Rental adjustments will be effective on the anniversary date of the lease. Payment of the adjusted rental rate will become due on the first workday of the second month following the publication of the Cost of Living Index for the month prior to the lease commencement date.
- (c) If the Government exercises an option to extend the lease term at the same rate as that of the original term, the option price will be based on the adjustment during the original term. Annual adjustments will continue.
- (d) In the event of any decreases in the Cost of Living Index occurring during the term of the occupancy under the lease, the rental amount will be reduced accordingly. The amount of such reductions will be determined in the same manner as increases in rent provided under this clause.
- (e) The offer must clearly state whether the rental is firm throughout the term of the lease or if it is subject to annual adjustment of operating costs as indicated above. If operating costs will be subject to adjustment, it should be specified on the GSA Form 1364, Proposal to Lease Space, contained elsewhere in this solicitation.

4.3. OPERATING COSTS BASE (JUN 1994)

The base for the operating costs adjustment will be established during negotiations based upon occupiable square feet.

4.4. RENTABLE SPACE (JUN 1994)

Rentable space is the area for which a tenant is charged rent. It is determined by the building owner and may vary by city or by building within the same city. The rentable space may include a share of building support/common areas such as elevator lobbies, building corridors, and floor service areas. Floor service areas typically include restrooms, janitor rooms, telephone closets, electrical closets, and mechanical rooms. The rentable space generally does not include vertical building penetrations and their enclosing walls, such as stairs, elevator shafts and vertical ducts.

4.5. OCCUPIABLE SPACE (JUN 1994)

(a) Occupiable Space is that portion of rentable space that is available for a tenant's personnel, equipment, and furnishings and is the method of measurement for the area for which the Government will evaluate offers.

(b) Occupiable Space is determined as follows:

- (1) If the space is on a single tenancy floor, compute the inside gross area by measuring between the inside finish of the permanent exterior building walls or from the face of the convectors (pipes or other wall-hung fixtures) if the convector occupies at least 50 percent of the length of exterior walls.
- (2) If the space is on a multiple tenancy floor, measure from the exterior building walls as above and to the room side finish of the fixed corridor and shaft walls and/or the center of tenant-separating partitions.
- (3) In all measurements, make no deductions for columns and projections enclosing the structural elements of the building and deduct the following from the gross area including their enclosing walls:
 - (i) toilets and lounges,
 - (ii) stairwells,
 - (iii) elevators and escalator shafts,
 - (iv) building equipment and service areas,
 - (v) entrance and elevator lobbies,
 - (vi) stacks and shafts, and
 - (vii) corridors in place or required by local codes and ordinances and/or required by GSA to provide an acceptable level of safety and/or to provide access to all essential building elements. (Corridors deducted to determine occupiable space may or may not be separated by ceiling high partitions).

(c) Unless otherwise noted, all references in this solicitation to square feet shall mean occupiable square feet.

4.6. COMMON AREA FACTOR (JUN 1994)

The Common Area Factor is a conversion factor(s) determined by the building owner and often applied by the owner to the usable area to determine the rentable square feet for the building.

4.7. APPURTENANT AREAS

The right to use appurtenant areas and facilities is included. The Government reserves the right to post Government rules and regulations where the Government leases space.

4.8. LIQUIDATED DAMAGES, GSAR 552.270-22 (AUG 1992)

In case of failure on the part of the Lessor to complete the work within the time fixed in the lease contract or letter of award, the Lessor shall pay the Government as fixed and agreed liquidated damages, pursuant to this clause, the sum of \$250.00 for each and every calendar day that the delivery is delayed beyond the date specified for delivery of all the space ready for occupancy by the Government. This remedy is not exclusive and is in addition to any other remedies which may be available under this lease or at law.

4.9. ADJUSTMENT FOR VACANT PREMISES, GSAR 552.270-25 (JUN 1994)

- (a) If the Government fails to occupy any portion of the leased premises or vacates the premises in whole or in part prior to expiration of the firm term of the lease, the rental rate will be reduced.
- (b) The rate will be reduced by that portion of the costs per occupiable square foot of operating expenses not required to maintain the space. Said reduction must occur after the Government gives 30 calendar days prior notice to the Lessor, and must continue in effect until the Government occupies the premises or the lease expires or is terminated.

4.10. RELOCATION ASSISTANCE ACT

If an improved site is offered and new construction will result in the displacement of individuals or businesses, the successful Offeror shall be responsible for payment of relocation costs for displaced persons in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and 49 CFR Part 24.

4.11. EVIDENCE OF CAPABILITY TO PERFORM

(a) AT THE TIME OF SUBMISSION OF OFFERS, OFFERORS SHALL SUBMIT TO THE CONTRACTING OFFICER:

- (1) Satisfactory evidence of at least a conditional commitment of funds in an amount necessary to prepare the space. Such commitments must be signed by an authorized bank officer and at a minimum must state: amount of loan; term in years; annual percentage rate; length of loan commitment.
- (2) The name of the proposed construction contractor, as well as evidence of his experience, competency, and performance capabilities with construction similar in scope to that which is required herein.
- (3) The license or certification of the individual(s) and/or firm(s), providing architectural and engineering design services, to practice in the state where the facility is located.
- (4) Compliance with local zoning laws or evidence of variances, if any, approved by the proper local authority.
- (5) Evidence of ownership or control of site.

(b) AFTER AWARD:

Within 45 days after award, the successful Offeror/Lessor shall provide to the Contracting Officer evidence of:

- (1) A firm commitment of funds in an amount sufficient to perform the work.
- (2) Award of a construction contract with a firm completion date.
- (3) Issuance of a building permit covering construction of the improvements.

4.12. CONSTRUCTION SCHEDULE

- (a) Within 45 days after award of the lease contract, the successful Offeror shall submit to the Contracting Officer a tentative construction schedule giving the dates on which the various phases of construction will be completed to coincide with the Government's required occupancy date (see paragraph entitled "Occupancy Date"). The finalized schedule is to be submitted no later than 60 days after award.
- (b) The schedule is to include timing for completion of design and construction milestones, including but not limited to, (1) submittal of preliminary plans and specifications, (2) submittal of other working drawings, (3) issuance of a building permit, (4) completed construction documents, (5) start of construction, (6) completion of principal categories of work, (7) phased completion, and availability for occupancy of each portion of the Government space (by floor, block, or other appropriate category), and (8) final construction completion.

4.13. PROGRESS REPORTS

After start of construction, the successful Offeror shall submit to the Contracting Officer, written progress reports at intervals of 14 days. The report shall include information as to percentage of the work completed by phase and trade, a statement as to expected completion and occupancy date, changes introduced into the work, and general remarks on such items as material shortages, strikes, weather, etc.

4.14. CONSTRUCTION INSPECTIONS

- (a) Construction inspections will be made periodically by the Contracting Officer and/or designated technical representatives to review compliance with the solicitation requirements and the final working drawings.
- (b) Periodic reviews, tests, and inspections by the Government are not to be interpreted as resulting in any approval of the Lessor's apparent progress toward meeting the Government's objectives, but are intended to discover any information which the Contracting Officer may be able to call to the Lessor's attention to prevent costly misdirection of effort. The Lessor will remain completely responsible for designing, constructing, operating, and maintaining the building in full accordance with the requirements of this solicitation.

4.15. MISCELLANEOUS LABOR CLAUSES (AUG 1994)

1. 52.222-4 CONTRACT WORK HOURS AND SAFETY STANDARDS ACT—OVERTIME COMPENSATION (MAR 1986)

- (a) *Overtime requirements.* No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics (see Federal Acquisition Regulation (FAR) 22.300) shall require or permit any such laborers or mechanics in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.
- (b) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the provisions set forth in paragraph (a) of this clause, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic employed in violation of the provisions set forth in paragraph (a) of this clause in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by provisions set forth in paragraph (a) of this clause.

- (c) *Withholding for unpaid wages and liquidated damages.* The Contracting Officer shall upon his or her own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same Prime Contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same Prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in paragraph (b) of this clause.
- (d) *Payrolls and basic records.*
 - (1) The Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of contract work and shall preserve them for a period of 3 years from the completion of the contract for all laborers and mechanics working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Nothing in this paragraph shall require the duplication of records required to be maintained for construction work by Department of Labor regulations at 29 CFR 5.5(a)(3) implementing the Davis-Bacon Act.
 - (2) The records to be maintained under paragraph (d)(1) of this clause shall be made available by the Contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Contracting Officer or the Department of Labor. The Contractor or subcontractor shall permit such representatives to interview employees during working hours on the job.
- (e) *Subcontracts.* The Contractor or subcontractor shall insert in any subcontracts the provisions set forth in paragraphs (a) through (e) of this clause and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The Prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the provisions set forth in paragraphs (a) through (e) of this clause.

2. 52.222-6 DAVIS-BACON ACT (NOV 1992)

- (a) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (d) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period. Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (b) of this clause) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.
- (b) (1) The Contracting Officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Contracting Officer shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met:
 - (i) Except with respect to helpers, as defined in Section 22.401 of the Federal Acquisition Regulation, the work to be performed by the classification requested is not performed by a classification in the wage determination.
 - (ii) The classification is utilized in the area by the construction industry.
 - (iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
 - (iv) With respect to helpers, such a classification prevails in the area in which the work is performed.
- (2) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

- (3) In the event the Contractor, the laborers or mechanics to be employed in the classification, or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.
 - (4) The wage rate (including fringe benefits, where appropriate) determined pursuant to subparagraphs (b)(2) and (b)(3) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
 - (c) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
 - (d) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; *provided*, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.
3. 52.222-7 WITHHOLDING OF FUNDS (FEB 1988)
- The Contracting Officer shall, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same Prime Contractor, or any other Federally assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same Prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.
4. 52.222-8 PAYROLLS AND BASIC RECORDS (FEB 1988)
- (a) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d) of the clause entitled Davis-Bacon Act, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.
 - (b)
 - (1) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. The Prime Contractor is responsible for the submission of copies of payrolls by all subcontractors.
 - (2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify—
 - (i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;
 - (ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in the Regulations, 29 CFR Part 3; and
 - (iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
 - (3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph (b)(2) of this clause.

- (4) The falsification of any of the certifications in this clause may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.
- (c) The Contractor or subcontractor shall make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the Contracting Officer or authorized representatives of the Contracting Officer or the Department of Labor. The Contractor or subcontractor shall permit the Contracting Officer or representatives of the Contracting Officer or the Department of Labor to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit required records or to make them available, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
5. 52.222-9 APPRENTICES AND TRAINEES (FEB 1988)
- (a) *Apprentices.* Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program; but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (b) *Trainees.* Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (c) *Equal employment opportunity.* The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.
6. 52.222-10 COMPLIANCE WITH COPELAND ACT REQUIREMENTS (FEB 1988)
The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.
7. 52.222-11 SUBCONTRACTS (LABOR STANDARDS) (FEB 1988)
- (a) The Contractor or subcontractor shall insert in any subcontracts the clauses entitled *Davis-Bacon Act, Contract Work Hours and Safety Standards Act—Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Withholding of Funds, Subcontracts (Labor Standards), Contract Termination—Debarment, Disputes Concerning Labor Standards, Compliance with Davis-Bacon and Related Act Regulations, and Certification of Eligibility*, and such other clauses as the Contracting Officer may, by appropriate instructions, require, and also a clause requiring subcontractors to include these clauses in any lower tier subcontracts. The Prime Contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with all the contract clauses cited in this paragraph.

- (b) (1) Within 14 days after award of the contract, the Contractor shall deliver to the Contracting Officer a completed Statement and Acknowledgment Form (SF 1413) for each subcontract, including the subcontractor's signed and dated acknowledgment that the clauses set forth in paragraph (a) of this clause have been included in the subcontract.
- (2) Within 14 days after the award of any subsequently awarded subcontract the Contractor shall deliver to the Contracting Officer an updated completed SF 1413 for such additional subcontract.

8. 52.222-12 CONTRACT TERMINATION—DEBARMENT (FEB 1988)

A breach of the contract clauses entitled *Davis-Bacon Act, Contract Work Hours and Safety Standards Act—Overtime Compensation, Apprentices and Trainees, Payrolls and Basic Records, Compliance with Copeland Act Requirements, Subcontracts (Labor Standards), Compliance with Davis-Bacon and Related Act Regulations, or Certification of Eligibility* may be grounds for termination of the contract, and for debarment as a Contractor and subcontractor as provided in 29 CFR 5.12.

9. 52.222-13 COMPLIANCE WITH DAVIS-BACON AND RELATED ACT REGULATIONS (FEB 1988)

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are hereby incorporated by reference in this contract.

The United States Department of Labor has set forth in 29 CFR Parts 5, 6, and 7 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the disputes clause of this contract. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

11. 52.222-15 CERTIFICATION OF ELIGIBILITY (FEB 1988)

- (a) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (b) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (c) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

5.10. HANDICAPPED ACCESSIBILITY (JUL 1994)

(a) PARKING AND LOADING ZONES:

- (1) If parking is provided for employees or visitors or both, then level accessible spaces shall be provided and designated in the parking area(s) nearest an accessible entrance on an accessible route in conformance with the following table:

TOTAL SPACE IN LOT(S)	MINIMUM NUMBER OF ACCESSIBLE SPACES
1 - 25	1
26 - 50	2
51 - 76	3
76 - 100	4
101 - 151	5
151 - 200	6

> 1000	20 plus 1 for each 100 over 1000

- (2) Accessible spaces shall be at least 8 feet wide with a 5-foot-wide access aisle to walks and ramps. Two spaces may share a common aisle. These spaces should be designed so the disabled are not compelled to wheel or walk behind parked cars. Where passenger loading zones exist, an access aisle at least 5 feet wide and 20 feet long adjacent and parallel to the vehicle pull-up space shall be provided on an accessible route. Accessible spaces shall be designated as reserved for the disabled by a sign with the symbol of accessibility. Such sign shall not be obscured by a vehicle parked in the space.

(b) ROUTE:

- (1) At least one accessible route having no steps or abrupt changes in level shall connect with all accessible elements, spaces, buildings, and courses of passage. The minimum clear width of an accessible route shall be 36 inches. If an accessible route is less than 60 inches in width then it shall have level passing zones, spaced at no more than 200 feet apart, measuring a minimum of 60 inches by 60 inches.
- (2) Floor surfaces and carpet shall be stable, secure, firm and slip resistant. Changes in level up to ¼ inch may be vertical and without edge treatment. Level changes between ¼ inch and ½ inch shall be beveled with a slope no greater than 1:2. Changes exceeding ½ inch shall be treated as a ramp. Gratings in a route surface shall have spaces no wider than ½ inch in one direction and shall be placed so that the long dimension of openings is perpendicular to the dominant direction of travel.
- (3) Objects projecting from walls with their leading edges between 27 and 80 inches above the finished floor shall protrude no more than 4 inches into an accessible route. Freestanding objects mounted on posts or pylons may overhang 12 inches maximum from 27 to 80 inches above the ground or the finished floor. Objects mounted with their leading edges at or below 27 inches above the finished floor may protrude any distance. However, no protruding objects shall reduce the clear width of an accessible

route or maneuvering space. If vertical clearance of an area adjoining an accessible route is reduced to less than 80 inches, a barrier to warn blind or visually impaired persons shall be provided.

- (4) Mechanical rooms and spaces which are not normally frequented by the public or occupants and are not part of an accessible or emergency route are excepted and need not be accessible.

(c) ENTRANCE AND EGRESS:

At least one principal entrance at each grade floor level shall be accessible. When existing entrances normally serve any of the following functions, then at least one of the entrances serving each function shall be accessible: transportation facilities, passenger loading zones, accessible parking facilities, taxi stands, public streets and sidewalks or accessible interior vertical access. An accessible entrance shall be part of an accessible route and shall include an accessible door. A service entrance shall not be the sole accessible entrance unless it is the only entrance. Accessible entrances shall be identified by the international symbol of accessibility. The signs shall be located so that handicapped individuals approaching the building will be directed to the accessible entrance. All applicable specifications for entrance shall apply to egress.

(d) RAMPS:

Any part of an accessible route with a slope greater than 1 foot rise in 20 feet shall be considered a ramp. Where ramps are necessary, they shall have a non-slip surface with a slope no greater than 1 foot rise in 12 feet. Ramps must have a minimum clear width of 3 feet with level landings at the top and bottom of each ramp run. Each landing shall be at least 5 feet in length and as wide as any ramp run leading into it. The maximum rise for any run shall be 30 inches. Intermediate landings for turning ramps shall measure a minimum of 5 feet by 5 feet. Handrails complying with "Handrails" shall be provided on both sides of all ramps with a vertical rise greater than 6 inches. Ramps with drop-offs shall have curbs (minimum 2 inches high), walls, railings or projecting surfaces. Curb ramps shall be provided wherever an accessible route crosses a curb. Curb ramps shall not interfere with walks or vehicular traffic. The maximum slope of a curb ramp shall be a 1 inch rise per 12-inch run. The maximum length of a curb ramp shall be 6 feet with a minimum width of 36 inches, exclusive of flared sides. If no other alternative is feasible, accessible platform lifts may be used in lieu of a ramp or elevator. Lifts shall have accessible controls and clearances, shall comply with applicable safety regulations, and should facilitate unassisted entry and exit.

(e) STAIRS:

- (1) If floors are serviced by an accessible elevator, then stairs connecting these floors need not meet the accessibility requirements in "Stairs" and "Handrails."
- (2) All steps on a single flight of stairs shall have uniform riser heights and uniform tread widths. Open riser stairs are not permitted. Risers shall be sloped or the underside of the nosing shall have an angle of not less than 60 degrees from the horizontal.
- (3) Stair treads shall not have abrupt nosings and shall be no less than 11 inches wide, measured from riser to riser. The radius of curvature at the leading edge of the tread shall be no greater than ½ inch. The maximum nosing projection shall be no greater than 1½ inch.
- (4) Tactile warning indicators shall not be used to identify exit stairs.

(f) HANDRAILS:

Handrails shall be provided on both sides of stairs and ramps. Handrails shall be continuous and extend a minimum of 12 inches beyond the top riser and 12 inches plus the width of one tread beyond the bottom riser. At the top, the 12-inch extension shall be parallel with the floor. At the bottom, the handrail shall continue to slope for a distance of one tread width from the bottom riser with the 12-inch remainder being horizontal and parallel with the floor. The inside handrail on switchback, dogleg stairs or ramps shall always be continuous. Handrails shall not present a hazard and shall be either rounded or returned smoothly to the floor, wall, or post. All handrails and adjacent surfaces shall be free of any sharp or abrasive elements. Clear space between handrails and the wall shall be 1½ inches. Gripping surfaces shall be uninterrupted and mounted between 30 and 34 inches above stair nosings. The diameter or width of the gripping surfaces of a handrail shall be 1¼ inches to 1½ inches, or the shape shall provide an equivalent gripping surface. Handrails shall not rotate within their fittings.

(g) DOORS:

- (1) At least one accessible door or opening shall serve each accessible entrance, space, route, egress, and emergency place of refuge. Revolving doors or turnstiles shall not be the only means of passage along an accessible route. Gates shall meet all applicable specifications for doors.
- (2) Doorways shall have a minimum clear opening of 32 inches with the door open 90 degrees, unless a wider clearance is specified within "Architectural Finishes." If doorways have two independently operated door leaves, then at least one leaf shall provide a minimum clear opening of 32 inches. Doors not requiring full user passage, such as shallow closets, may have a minimum clear opening of 20 inches. Doors in a series shall swing either in the same direction or away from the space between the doors. The minimum space between hinged or pivoted doors in a series shall be 48 inches plus the width of any door swinging into the space.
- (3) Raised thresholds at doors shall be beveled with a slope no greater than 1:2 and shall not exceed ¾ inch in height for exterior sliding doors or ½ inch for other doors. Operating hardware on accessible doors shall be mounted no higher than 48 inches above the finished floor and shall have a grip and operation which facilitates use with one hand without tight grasping, tight pinching, or twisting of the wrist. Doors leading to areas which are potentially dangerous for blind individuals shall have textured warning handles or handle covers. If a door has an automatic closer, then the sweep period shall be adjusted so that from an open position of 70 degrees, the door will take at least 3 seconds to move to a point 3 inches from the latch. Fire doors shall

have the minimum opening force allowable by the appropriate administrative authority. All other interior doors shall have a maximum opening force of 5 foot-pounds. If power-operated doors are provided, they shall comply with ANSI A156.10-1979.

- (4) Clearances shall be provided at doors that are not automatic or power assisted and shall comply as required below.

SWING DOOR MANEUVERING CLEARANCES:

- (i) Where the approach faces the door, the maneuvering clearance shall extend a minimum of 5 feet from the swing side of the door, 4 feet from the opposite side and a minimum of 1½ feet past the latch side (pull side) and, for doors with automatic closers, a minimum of 1 foot past the latch side (push side) of the door.
- (ii) Where the approach is from the hinge side of the door, the maneuvering clearance shall extend a minimum of 5 feet from the swing side of the door when the clearance past the latch (pull side) extends to a minimum of 3 feet, 4½ feet from the swing side of the door when the clearance past the latch (pull side) extends to a minimum of 3½ feet, 4 feet from the opposite side and a minimum of 2 feet past the hinged side (push side).
- (iii) Where the approach is from the latch side of the door, the maneuvering clearance shall extend a minimum of 4½ feet from the swing side of the door, 4 feet from the opposite side and a minimum of 2 feet past the latch side (push and pull sides).
- (iv) where automatic door closers are not used and the approach is from the side, the above minimum maneuvering clearances are reduced by ½ foot from either face of the door except on the pull side on a latch side approach.

SLIDING AND FOLDING DOOR MANEUVERING CLEARANCES:

- (i) Where the approach faces the door, the maneuvering clearance shall extend a minimum of 4 feet from the face of the door and have width at least as wide as the door.
- (ii) Where the approach is from the slide side of the door, the maneuvering clearance shall extend a minimum of 3½ feet from the face of the door and 4½ feet from the latch.
- (iii) Where the approach is from the latch side of the door, the maneuvering clearance shall extend a minimum of 3½ feet from the face of the door and 2 feet from the latch.

(h) **ELEVATORS:**

One accessible passenger elevator complying with American National Standards Institute Handbook (ANSI A117.1-1986) and Section 4.10 Of UFAS, entitled "Elevators," shall serve each level in all multistory buildings and facilities. If more than one passenger elevator is provided, then each elevator shall be equally accessible. All elevator control buttons shall be at least ¾ inch in their smallest dimension and shall be raised or flush. Additional specifications for elevators are located in the "Elevators" paragraph of the "Mechanical, Electrical, Plumbing" section of this solicitation and in the "Controls" paragraph below.

Accessible telephones shall have push-button controls where available. The handset on an accessible telephone shall be equipped with a cord at least 29 inches long and a receiver that generates a magnetic field in the area of the receiver cap. At least one accessible public telephone shall be equipped with a volume control and clearly identified as such. Telephone books shall also be accessible.

(j) **CONTROLS:**

- (1) Accessible controls and operating mechanisms are required in accessible spaces, along accessible routes, or as parts of accessible elements. - (iv) The Lessor shall provide the Government with prior written notice of any proposed corrective action or tenant relocation. The Lessor shall promptly revise the corrective action program upon any change in building condition or operation which would affect the program or increase the radon concentration to or above the EPA action level.
- (2) The Lessor shall perform the Standard Test in subparagraph (d)(1) to assess the effectiveness of a corrective action program. The Lessor may also perform the Short Test in subparagraph (d)(2) to determine whether the space may be occupied, but shall begin the Standard Test concurrently with the Short Test.
- (3) All measures to accommodate delay of occupancy, corrective action, tenant relocation, tenant reoccupancy, or follow-up measurement, shall be provided by the Lessor at no additional cost to the Government.

2. 552.270-11 - SUBLETTING AND ASSIGNMENT (AUG 1992)

The Government may sublet any part of the premises but shall not be relieved from any obligations under this lease by reason of any such subletting. The Government may at any time assign this lease, and be relieved from all obligations to Lessor under this lease excepting only unpaid rent and other liabilities, if any, that have accrued to the date of said assignment. Any assignment shall be subject to prior written consent of Lessor, which shall not be unreasonably withheld.

3. 552.270-18 - SUCCESSORS BOUND (AUG 1992)

This lease shall bind, and inure to the benefit of, the parties and their respective heirs, executors, administrators, successors, and assigns.

4. 552.270-34 - SUBORDINATION, NONDISTURBANCE AND ATTORNMEN (AUG 1992)

- (a) Lessor warrants that it holds such title to or other interest in the premises and other property as is necessary to the Government's access to the premises and full use and enjoyment thereof in accordance with the provisions of this lease. Government agrees, in consideration of the warranties and conditions set forth in this clause, that this lease is subject and subordinate to any and all recorded mortgages, deeds of trust and other liens now or hereafter existing or imposed upon the premises, and to any renewal, modification or extension thereof. It is the intention of the parties that this provision shall be self-operative and that no further instrument shall be required to effect the present or subsequent subordination of this lease. Government agrees, however, within twenty (20) business days next following the Contracting Officer's receipt of a written demand, to execute such instruments as Lessor may reasonably request to evidence further the subordination of this lease to any existing or future mortgage, deed of trust or other security interest pertaining to the premises, and to any water, sewer or access easement necessary or desirable to serve the premises or adjoining property owned in whole or in part by Lessor if such easement does not interfere with the full enjoyment of any right granted the Government under this lease.
- (b) No such subordination, to either existing or future mortgages, deeds of trust or other lien or security instrument shall operate to affect adversely any right of the Government under this lease so long as the Government is not in default under this lease. Lessor will include in any future mortgage, deed of trust or other security instrument to which this lease becomes subordinate, or in a separate nondisturbance agreement, a provision to the foregoing effect. Lessor warrants that the holders of all notes or other obligations secured by existing mortgages, deeds of trust or other security instruments have consented to the provisions of this clause, and agrees to provide true copies of all such consents to the Contracting Officer promptly upon demand.
- (c) In the event of any sale of the premises or any portion thereof by foreclosure of the lien of any such mortgage, deed of trust or other security instrument, or the giving of a deed in lieu of foreclosure, the Government will be deemed to have attorned to any purchaser, purchasers, transferee or transferees of the premises or any portion thereof and its or their successors and assigns, and any such purchasers and transferees will be deemed to have assumed all obligations of the Lessor under this lease, so as to establish direct privity of estate and contract between Government and such purchasers or transferees, with the same force, effect and relative priority in time and right as if the lease had initially been entered into between such purchasers or transferees and the Government; provided, further, that the Contracting Officer and such purchasers or transferees shall, with reasonable promptness following any such sale or deed delivery in lieu of foreclosure, execute all such revisions to this lease, or other writings, as shall be necessary to document the foregoing relationship.
- (d) None of the foregoing provisions may be deemed or construed to imply a waiver of the Government's rights as a sovereign.

5. 552.270-35 - STATEMENT OF LEASE (AUG 1992)

- (a) The Contracting Officer will, within thirty (30) days next following the Contracting Officer's receipt of a joint written request from Lessor and a prospective lender or purchaser of the building, execute and deliver to Lessor a letter stating that the same is issued subject to the conditions stated in this clause and, if such is the case, that (1) the lease is in full force and effect; (2) the date to which the rent and other charges have been paid in advance, if any; and (3) whether any notice of default has been issued.
- (b) Letters issued pursuant to this clause are subject to the following conditions:
- (1) That they are based solely upon a reasonably diligent review of the Contracting Officer's lease file as of the date of issuance;
 - (2) That the Government shall not be held liable because of any defect in or condition of the premises or building;
 - (3) That the Contracting Officer does not warrant or represent that the premises or building comply with applicable Federal, State and local law; and
 - (4) That the Lessor, and each prospective lender and purchaser are deemed to have constructive notice of such facts as would be ascertainable by reasonable

prepurchase and precommitment inspection of the Premises and Building and by inquiry to appropriate Federal, State and local Government officials.

6. 552.270-36 - SUBSTITUTION OF TENANT AGENCY (AUG 1992)

The Government may, at any time and from time to time, substitute any Government agency or agencies for the Government agency or agencies, if any, named in the lease.

7. 552.270-37 - NO WAIVER (AUG 1992)

No failure by either party to insist upon the strict performance of any provision of this lease or to exercise any right or remedy consequent upon a breach thereof, and no acceptance of full or partial rent or other performance by either party during the continuance of any such breach shall constitute a waiver of any such breach of such provision.

8. 552.270-38 - INTEGRATED AGREEMENT (AUG 1992)

This Lease, upon execution, contains the entire agreement of the parties and no prior written or oral agreement, express or implied, shall be admissible to contradict the provisions of the Lease.

9. 552.270-39 - MUTUALITY OF OBLIGATION (AUG 1992)

The obligations and covenants of the Lessor, and the Government's obligation to pay rent and other Government obligations and covenants, arising under or related to this Lease, are interdependent. The Government may, upon issuance of and delivery to Lessor of a final decision asserting a claim against Lessor, set off such claim, in whole or in part, as against any payment or payments then or thereafter due the Lessor under this lease. No setoff pursuant to this clause shall constitute a breach by the Government of this lease.

10. 552.270-27 - DELIVERY AND CONDITION (AUG 1992)

- (a) Unless the Government elects to have the space occupied in increments, the space must be delivered ready for occupancy as a complete unit. The Government reserves the right to determine when the space is substantially complete.
- (b) If the premises do not in every respect comply with the provisions of this lease the Contracting Officer may, in accordance with the Failure in Performance clause of this lease, elect to reduce the rent payments.

11. 552.270-28 - DEFAULT IN DELIVERY - TIME EXTENSIONS (JUN 1994) (VARIATION)

- (a) With respect to Lessor's obligation to deliver the premises substantially complete by the delivery date (as such date may be modified pursuant to this lease), time is of the essence. If the Lessor fails to prosecute the work with the diligence that will ensure its substantial completion by the delivery date or fails to substantially complete the work by such date, the Government may by notice to the Lessor terminate this lease, which termination shall be effective when received by Lessor. The Lessor and the Lessor's sureties, if any, shall be jointly and severally liable for any damages to the Government resulting from such termination, as provided in this clause. The Government shall be entitled to the following damages:
 - (1) The Government's aggregate rent and estimated real estate tax and operating cost adjustments for the firm term and all option terms of its replacement lease or leases, in excess of the aggregate rent and estimated real estate tax and operating cost adjustments for the term; provided, if the Government procures replacement premises for a term (including all option terms) in excess of the term, the Lessor shall not be liable for excess Government rent or adjustments during such excess part of such term;
 - (2) All administrative and other costs borne by the Government in procuring a replacement lease or leases;
 - (3) Such other, additional relief as may be provided for in this lease, at law or in equity.
 - (4) Damages to which the Government may be entitled under this clause shall be due and payable thirty (30) days next following the date Lessor receives notice from the Contracting Officer specifying such damages.
- (b) Delivery by Lessor of less than the minimum usable square footage required by this lease shall in no event be construed as substantial completion, except as permitted by the Contracting Officer.
- (c) Notwithstanding paragraph (a) of this clause, this lease shall not be terminated under this clause nor the Lessor charged with damages under this clause, if (1) the delay in

GOVERNMENT

substantially completing the work arises from excusable delays and (2) the Lessor within 10 days from the beginning of any such delay (unless extended in writing by the Contracting Officer) provides notice to the Contracting Officer of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of delay. If the facts warrant such action, the delivery date shall be extended, by the Contracting Officer, to the extent of such delay at no additional costs to the Government. A time extension is the sole remedy of the Lessor.

12. 552.270-30 - PROGRESSIVE OCCUPANCY (AUG 1992)

The Government shall have the right to elect to occupy the space in partial increments prior to the substantial completion of the entire leased premises, and the Lessor agrees to schedule its work so as to deliver the space incrementally as elected by the Government. The Government shall pay rent commencing with the first business day following substantial completion of the entire leased premise unless the Government has elected to occupy the leased premises incrementally. In case of incremental occupancy, the Government shall pay rent pro rata upon the first business day following substantial completion of each incremental unit. Rental payments shall become due on the first workday of the month following the month in which an increment of space is substantially complete, except that should an increment of space be substantially completed after the fifteenth day of the month, the payment due date will be the first workday of the second month following the month in which it was substantially complete. The commencement date of the firm lease term will be a composite determined from all rent commencement dates.

13. 552.270-32 - EFFECT OF ACCEPTANCE AND OCCUPANCY (AUG 1992)

Neither the Government's acceptance of the premises for occupancy, nor the Government's occupancy thereof, shall be construed as a waiver of any requirement of or right of the Government under this Lease, or as otherwise prejudicing the Government with respect to any such requirement or right.

14. 552.270-12 - MAINTENANCE OF BUILDING AND PREMISES - RIGHT OF ENTRY (OCT 1996)

Except in case of damage arising out of the willful act or negligence of a Government employee, Lessor shall maintain the premises, including the building, building systems, and all equipment, fixtures, and appurtenances furnished by the lessor under this lease, in good repair and condition so that they are suitable in appearance and capable of supplying such heat, air conditioning, light, ventilation, safety systems, access and other things to the premises, without reasonably preventable or recurring disruption, as is required for the Government's access to, occupancy, possession, use and enjoyment of the premises as provided in this lease. For the purpose of so maintaining the premises, the Lessor may at reasonable times enter the premises with the approval of the authorized Government representative in charge.

15. 552.270-17 - FAILURE IN PERFORMANCE (AUG 1992)

The covenant to pay rent and the covenant to provide any service, utility, maintenance, or repair required under this lease are interdependent. In the event of any failure by the Lessor to provide any service, utility, maintenance, repair or replacement required under this lease the Government may, by contract or otherwise, perform the requirement and deduct from any payment or payments under this lease, then or thereafter due, the resulting cost to the Government, including all administrative costs. If the Government elects to perform any such requirement, the Government and each of its contractors shall be entitled to access to any and all areas of the building, access to which is necessary to perform any such requirement, and the Lessor shall afford and facilitate such access. Alternatively, the Government may deduct from any payments under this lease, then or thereafter due, an amount which reflects the reduced value of the contract requirement not performed. No deduction from rent pursuant to this clause shall constitute a default by the Government under this lease. These remedies are not exclusive and are in addition to any other remedies which may be available under this lease or at law.

16. 552.270-33 - DEFAULT BY LESSOR DURING THE TERM (AUG 1992)

(a) Each of the following shall constitute a default by Lessor under this lease:

- (1) Failure to maintain, repair, operate or service the premises as and when specified in this lease, or failure to perform any other requirement of this lease as and when required provided any such failure shall remain uncured for a period of thirty (30) days next following Lessor's receipt of notice thereof from the Contracting Officer or an authorized representative.
- (2) Repeated and unexcused failure by Lessor to comply with one or more requirements of this lease shall constitute a default notwithstanding that one or all such failures shall have been timely cured pursuant to this clause.

INITIALS:

LESSOR

GOVERNMENT

- (b) If a default occurs, the Government may, by notice to Lessor, terminate this lease for default and if so terminated, the Government shall be entitled to the damages specified in the Default in Delivery-Time Extensions clause.

17. 552.270-13 - FIRE AND CASUALTY DAMAGE (AUG 1992)

If the entire premises are destroyed by fire or other casualty, this lease will immediately terminate. In case of partial destruction or damage, so as to render the premises untenable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within 15 calendar days of the fire or other casualty; if so terminated, no rent will accrue to the Lessor after such partial destruction or damage; and if not so terminated, the rent will be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage. Nothing in this lease shall be construed as relieving Lessor from liability for damage to or destruction of property of the United States of America caused by the willful or negligent act or omission of Lessor.

18. 552.270-15 - COMPLIANCE WITH APPLICABLE LAW (AUG 1992)

Lessor shall comply with all Federal, state and local laws applicable to the Lessor as owner or lessor, or both, of the building or premises, including, without limitation, laws applicable to the construction, ownership, alteration or operation of both or either thereof, and will obtain all necessary permits, licenses and similar items at Lessor's expense. The Government will comply with all Federal state and local laws applicable to and enforceable against it as a tenant under this lease; provided that nothing in this lease shall be construed as a waiver of any sovereign immunity of the Government. This lease shall be governed by Federal law.

19. 552.270-19 - ALTERATIONS (JUNE 1985)

The Government shall have the right during the existence of this lease to make alterations, attach fixtures, and erect structures or signs in or upon the premises hereby leased, which fixtures, additions or structures so placed in, on, upon, or attached to the said premises shall be and remain the property of the Government and may be removed or otherwise disposed of by the Government. If the lease contemplates that the Government is the sole occupant of the building, for purposes of this clause, the leased premises include the land on which the building is sited and the building itself. Otherwise, the Government shall have the right to tie into or make any physical connection with any structure located on the property as is reasonably necessary for appropriate utilization of the leased space.

20. ACCEPTANCE OF SPACE (OCT 1996)

- (a) When the Lessor has completed all alterations, improvements, and repairs necessary to meet the requirements of the lease, the Lessor shall notify the Contracting Officer. The Contracting Officer or designated representative shall promptly inspect the space.
- (b) The Government will accept the space and the lease term will begin after determining that the space is substantially complete and contains the required usable square footage as indicated in the paragraph of this solicitation entitled "Amount and Type of Space."

21. 552.270-16 - INSPECTION - RIGHT OF ENTRY (AUG 1992)

- (a) At any time and from time to time after receipt of an offer (until the same has been duly withdrawn or rejected), after acceptance thereof and during the term, the agents, employees and contractors of the Government may, upon reasonable prior notice to Offeror or Lessor, enter upon the offered premises or the premises, and all other areas of the building access to which is necessary to accomplish the purposes of entry, to determine the potential or actual compliance by the Offeror or Lessor with the requirements of the solicitation or this lease, which purposes shall include, but not be limited to: (1) inspecting, sampling and analyzing of suspected asbestos-containing materials and air monitoring for asbestos fibers; (2) inspecting the heating, ventilation and air conditioning system, maintenance records, and mechanical rooms for the offered premises or the premises; (3) inspecting for any leaks, spills, or other potentially hazardous conditions which may involve tenant exposure to hazardous or toxic substances; and (4) inspecting for any current or past hazardous waste operations, to ensure that appropriate mitigative actions were taken to alleviate any environmentally unsound activities in accordance with Federal, State and local law.
- (b) Nothing in this clause shall be construed to create a Government duty to inspect for toxic materials or to impose a higher standard of care on the Government than on other lessees. The purpose of this clause is to promote the ease with which the Government may inspect the building. Nothing in this clause shall act to relieve the Lessor of any duty to inspect or liability which might arise as a result of Lessor's failure to inspect for or correct a hazardous condition.

22. 552.232-71 - PROMPT PAYMENT (APR 1989)

The Government will make payments under the terms and conditions specified in this clause. Payment shall be considered as being made on the day a check is dated or an electronic funds transfer is made. All days referred to in this clause are calendar days, unless otherwise specified.

(a) Payment due date.

- (1) Rental payments. Rent shall be paid monthly in arrears and will be due on the first workday of each month, and only as provided for by the lease.
 - (i) When the date for commencement of rent falls on the 15th day of the month or earlier, the initial monthly rental payment under this contract shall become due on the first workday of the month following the month in which the commencement of the rent is effective.
 - (ii) When the date for commencement of rent falls after the 15th day of the month, the initial monthly rental payment under this contract shall become due on the first workday of the second month following the month in which the commencement of the rent is effective.
- (2) Other payments. The due date for making payments other than rent shall be the later of the following two events:
 - (i) The 30th day after the designated billing office has received a proper invoice from the Contractor.
 - (ii) The 30th day after Government acceptance of the work or service. However, if the designated billing office fails to annotate the invoice with the actual date of receipt, the invoice payment due date shall be deemed to be the 30th day after the Contractor's invoice is dated, provided a proper invoice is received and there is no disagreement over quantity, quality, or Contractor compliance with contract requirements.

(b) Invoice and inspection requirements for payments other than rent.

- (1) The Contractor shall prepare and submit an invoice to the designated billing office after completion of the work. A proper invoice shall include the following items:
 - (i) Name and address of the Contractor.
 - (ii) Invoice date.
 - (iii) Lease number.
 - (iv) Government's order number or other authorization.
 - (v) Description, price, and quantity of work or services delivered.
 - (vi) Name and address of Contractor official to whom payment is to be sent (must be the same as that in the remittance address in the lease or the order.)
 - (vii) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.
- (2) The Government will inspect and determine the acceptability of the work performed or services delivered within 7 days after the receipt of a proper invoice or notification of completion of the work or services unless a different period is specified at the time the order is placed. If actual acceptance occurs later, for the purpose of determining the payment due date and calculation of interest, acceptance will be deemed to occur on the last day of the 7-day inspection period. If the work or service is rejected for failure to conform to the technical requirements of the contract, the 7 days will be counted beginning with receipt of a new invoice or notification. In either case, the Contractor is not entitled to any payment or interest unless actual acceptance by the Government occurs.

(c) Interest Penalty.

- (1) An interest penalty shall be paid automatically by the Government, without request from the Contractor, if payment is not made by the due date.
- (2) The interest penalty shall be at the rate established by the Secretary of the Treasury under Section 12 of the Contract Disputes Act of 1978 (41 U.S.C. 611) that is in effect on the day after the due date. This rate is referred to as the "Renegotiation Board Interest Rate," and it is published in the Federal Register semiannually on or about January 1 and July 1. The interest penalty shall accrue daily on the payment amount approved by the Government and be compounded in 30-day increments inclusive from the first day after the due date through the payment date.
- (3) Interest penalties will not continue to accrue after the filing of a claim for such penalties under the clause at 52.233-1, Disputes, or for more than 1 year. Interest penalties of less than \$1.00 need not be paid.
- (4) Interest penalties are not required on payment delays due to disagreement between the Government and Contractor over the payment amount or other issues involving contract compliance or on amounts temporarily withheld or retained in accordance

with the terms of the contract. Claims involving disputes, and any interest that may be payable, will be resolved in accordance with the clause at 52.233-1, Disputes.

23. 552.232-73 - ELECTRONIC FUNDS TRANSFER PAYMENT (AUG 1992)

(Applies to leases which exceed \$100,000 average net annual rental, including option periods.)

- (a) Payments under this lease will be made by the Government either by check or electronic funds transfer (EFT). If the Lessor elects to receive payment by EFT, after award, but no later than 30 days before the first payment, the Lessor shall designate a financial institution for receipt of EFT payments, and shall submit this designation to the Contracting Officer or other Government official, as directed.
- (b) For payment by EFT, the Lessor shall provide the following information:
 - (1) The American Bankers Association 9-digit identifying number for wire transfers of the financing institution receiving payment if the institution has access to the Federal Reserve Communications System.
 - (2) Number of account to which funds are to be deposited.
 - (3) Type of depositor account ("C" for checking, "S" for savings).
 - (4) If the Lessor is a new enrollee to the EFT system, a "Payment Information Form," SF 3881, must be completed before payment can be processed.
- (c) In the event the Lessor, during the performance of this contract, elects to designate a different financial institution for the receipt of any payment made using EFT procedures, notification of such change and the required information specified above must be received by the appropriate Government official no later than 30 days prior to the date such change is to become effective.
- (d) The documents furnishing the information required in this clause must be dated and contain the signature, title, and telephone number of the Lessor or an authorized representative designated by the Lessor, as well as the Lessor's name and lease number.
- (e) Lessor failure to properly designate a financial institution or to provide appropriate payee bank account information may delay payments of amounts otherwise properly due.

24. 552.232-72 - INVOICE REQUIREMENTS (VARIATION) (APR 1989)

(This clause applies to payments other than rent.)

- (a) Invoices shall be submitted in an original only, unless otherwise specified, to the designated billing office specified in this contract or purchase/delivery order.
- (b) Invoices must include the Accounting Control Transaction (ACT) number provided below or on the purchase/delivery order.

ACT Number (to be supplied on individual orders)
- (c) If information or documentation in addition to that required by the Prompt Payment clause of this contract is required in connection with an invoice for a particular order, the order will indicate what information or documentation must be submitted.

25. 52.232-23 - ASSIGNMENT OF CLAIMS (JAN 1986)

- (a) The Contractor, under the Assignment of Claims Act, as amended, 31 USC 3727, 41 USC 15 (hereafter referred to as the "the Act"), may assign its rights to be paid amounts due or to become due as a result of the performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency. 26. 552.270-31 - PAYMENT (AUG 1994) (VARIATION)

- (a) When space is offered and accepted, the usable square footage delivered will be confirmed by:
 - (1) the Government's measurement of plans submitted by the successful Offeror as approved by the Government, and an inspection of the space to verify that the delivered space is in conformance with such plans or
 - (2) a mutual on-site measurement of the space, if the Contracting Officer determines that it is necessary.
- (b) Payment will not be made for space which is in excess of the amount of usable square footage stated in the lease.
- (c) If it is determined that the amount of usable square footage actually delivered is less than the amount agreed to in the lease, the lease will be modified to reflect the amount of usable space delivered and the annual rental will be adjusted as follows:

Usable square feet not delivered multiplied by the usable square foot (USF) rate equals the reduction in annual rent. The rate per usable square foot is determined by dividing the total annual rental by the usable square footage set forth in the lease.

USF Not Delivered X Rate per USF = Reduction in Annual Rent.

- (b) Prior to making a determination as set forth above, the HCA or designee shall provide to the Lessor a written notice of the action being considered and the basis therefor. The Lessor shall have a period determined by the agency head or designee, but not less than 30 calendar days after receipt of such notice, to submit in person, in writing, or through a representative, information and argument in opposition to the proposed reduction. 31. 52.215-22 - PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA (OCT 1995)

(Applies when cost or pricing data is required for work or service exceeding \$500,000.)

- (a) If any price, including profit or fee, negotiated in connection with this contract, or any cost reimbursable under this contract, was increased by any significant amount because (1) the Contractor or a subcontractor furnished cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (2) a subcontractor or prospective subcontractor furnished the Contractor cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data, or (3) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction.
- (b) Any reduction in the contract price under paragraph (a) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (1) the actual subcontract or (2) the actual cost to the Contractor, if there was no subcontract, was less than the prospective subcontract cost estimate submitted by the Contractor; *provided*, that the actual subcontract price was not itself affected by defective cost pricing data.
- (c) (1) If the Contracting Officer determines under paragraph (a) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:
- (i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted.
 - (ii) The Contracting Officer should have known that the cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.
 - (iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.
 - (iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.
- (2) (i) Except as prohibited by subdivision (c)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if--
- (A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and
 - (B) The Contractor proves that the cost or pricing data were available before the date of agreement on the price of the contract (or price of the modification) and that the data were not submitted before such date.
- (ii) An offset shall not be allowed if--
- (A) The understated data was known by the Contractor to be understated when the Certificate of Current Cost or Pricing Data was signed; or
 - (B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the

- (d) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid--
 - (1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and
 - (2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted cost or pricing data which were incomplete, inaccurate, or noncurrent.

 - (2) The Lessor's representative, all Contractors, and subcontractors whose portion of the work exceeds \$500,000 must sign and return the "Certificate of Current Cost or Pricing Data" (48 CFR 15.804-4); and
 - (3) The agreement for "Price Reduction for Defective Cost or Pricing Data" must be signed and returned (48 CFR 15.804-8).
- (d) Lessors shall also refer to 48 CFR Part 31, Contract Cost Principles, for information on which costs are allowable, reasonable, and allocable in Government work.

33. 552.270-21 - CHANGES (JUL 1995) (VARIATION)

34. 552.215-70 - EXAMINATION OF RECORDS BY GSA (FEB 1996)

The Contractor agrees that the Administrator of General Services, or any duly authorized representative shall, until the expiration of 3 years after final payment under this contract, or of the time periods for the particular records specified in Subpart 4.7 of the Federal Acquisition Regulation (48 CFR 4.7), whichever expires earlier, have access to and the right to examine any books, documents, papers, and records of the Contractor involving transactions related to this contract or compliance with any clauses thereunder. The Contractor further agrees to include in all its subcontracts hereunder a provision to the effect that the subcontractor agrees that the Administrator of General Services, or any duly authorized representatives shall, until the expiration of 3 years after final payment under the subcontract, or of the time periods for the particular records specified in Subpart 4.7 of the Federal Acquisition Regulation (48 CFR 4.7), whichever expires earlier, have access to and the right to examine any books, documents, papers, and records of such subcontractor, involving transactions related to the subcontract or compliance with any clauses thereunder. The term "subcontract" as used in this clause excludes (a) purchase orders not exceeding \$100,000 and (b) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

35. 52.233-1 - DISPUTES (OCT 1995)

- (a) This contract is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601-613).
- (b) Except as provided in the Act, all disputes arising under or relating to this contract shall be resolved under this clause.
- (c) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding \$100,000 is not a claim under the Act until certified as required by subparagraph (d)(2) of this clause. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim under the Act. The submission may be converted to a claim under the Act, by complying with the submission and certification requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- (d)
 - (1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.
 - (2)
 - (i) Contractors shall provide the certification specified in subparagraph (d)(2)(iii) of this clause when submitting any claim--
 - (A) Exceeding \$100,000; or
 - (B) Regardless of the amount claimed, when using--
 - (1) Arbitration conducted pursuant to 5 U.S.C. 575-580; or
 - (2) Any other alternative means of dispute resolution (ADR) technique that the agency elects to handle in accordance with the Administrative Dispute Resolution Act (ADRA).
 - (ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.
 - (iii) The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."
 - (3) The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.

(e) For Contractor claims of \$100,000 or less, the Contracting Officer must, if requested in writing by the Contractor, render a decision within 60 days of the request. For Contractor-

certified claims over \$100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

- (f) The Contracting Officer's decision shall be final unless the Contractor appeals or files a suit as provided in the Act.
- (g) If the claim by the Contractor is submitted to the Contracting Officer or a claim by the Government is presented to the Contractor, the parties, by mutual consent, may agree to use ADR. If the Contractor refuses an offer for alternative disputes resolution, the Contractor shall inform the Contracting Officer, in writing, of the Contractor's specific reasons for rejecting the request. When using arbitration conducted pursuant to 5 U.S.C. 575-580, or when using any other ADR technique that the agency elects to handle in accordance with the ADRA, any claim, regardless of amount, shall be accompanied by the certification described in subparagraph (d)(2)(iii) of this clause, and executed in accordance with subparagraph (d)(3) of this clause.
- (h) The Government shall pay interest on the amount found due and unpaid from (1) the date that the Contracting Officer receives the claim (certified if required); or (2) the date that payment otherwise would be due, if that date is later, until the date of payment. With regard to claims having defective certifications, as defined in FAR 33.201, interest shall be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury as provided in the Act, which is applicable to the period during which the Contracting Officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.
- (i) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.

36. 52.222-26 - EQUAL OPPORTUNITY (APR 1984)

- (a) If, during any 12-month period (including the 12 months preceding the award of this contract), the Contractor has been or is awarded nonexempt Federal contracts and/or subcontracts that have an aggregate value in excess of \$10,000, the Contractor shall comply with subparagraphs (b)(1) through (11) below. Upon request, the Contractor shall provide information necessary to determine the applicability of this clause.
- (b) During performing this contract, the Contractor agrees as follows:
 - (1) The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin.
 - (2) The Contractor shall take affirmative action to ensure the applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. This shall include, but not be limited to, (i) employment, (ii) upgrading, (iii) demotion, (iv) transfer, (v) recruitment or recruitment advertising, (vi) layoff or termination, (vii) rates of pay or other forms of compensation, and (viii) selection for training, including apprenticeship.
 - (3) The Contractor shall post in conspicuous places available to employees and applicants for employment the notices to be provided by the Contracting Officer that explain this clause.
 - (4) The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
 - (5) The Contractor shall send, to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, the notice to be provided by the Contracting Officer advising the labor union or workers' representative of the Contractor's commitments under this clause, and post copies of the notice in conspicuous places available to employees and applicants for employment.
 - (6) The Contractor shall comply with Executive Order 11246, as amended, and the rules, regulations, and orders of the Secretary of Labor.
 - (7) The Contractor shall furnish to the contracting agency all information required by Executive Order 11246, as amended, and by the rules, regulations, and orders of the Secretary of Labor. Standard Form 100 (EEO-1), or any successor form, is the prescribed form to be filed within 30 days following the award, unless filed within 12 months preceding the date of award.

In addition, sanctions may be imposed and remedies invoked against the Contractor as provided in Executive Order 11246, as amended, the rules, regulations, and orders of the Secretary of Labor, or as otherwise provided by law.
- (10) The Contractor shall include the terms and conditions of subparagraph (b)(1) through (11) of this clause in every subcontract or purchase order that is not exempted by the rules, regulations, or orders of the Secretary of Labor issued under Executive Order 11246, as amended, so that these terms and conditions will be binding upon each subcontractor or vendor.
- (11) The Contractor shall take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance; provided, that if the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of any direction, the Contractor may request the United States to enter into the litigation to protect the interests of the United States.

openings include those occurring at any contractor facility, including one not connected with performing this contract. An independent corporate affiliate is exempt from this requirement.

- (2) State and local government agencies holding Federal contracts of \$10,000 or more shall also list all their openings with the appropriate office of the State employment service.
- (3) The listing of employment openings with the State employment service system is required at least concurrently with using any other recruitment source or effort and involves the obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Contractor from any requirements of Executive orders or regulations concerning nondiscrimination in employment.
- (4) Whenever the Contractor becomes contractually bound to the listing terms of this clause, it shall advise the State employment service system, in each State where it has establishments, of the name and location of each hiring location in the State. As long as the Contractor is contractually bound to these terms and has so advised the State system, it need not advise the State system of subsequent contracts. The Contractor may advise the State system when it is no longer bound by this contract clause.
- (5) Under the most compelling circumstances, an employment opening may not be suitable for listing, including situations when (i) the Government's needs cannot reasonably be supplied, (ii) listing would be contrary to National security, or (iii) the requirement of listing would not be in the Government's interest.

(d) Applicability.

- (1) This clause does not apply to the listing of employment openings which occur and are filled outside the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands.
- (2) The terms of paragraph (c) above of this clause do not apply to openings that the Contractor proposes to fill from within its own organization or under a customary and traditional employer-union hiring arrangement. This exclusion does not apply to a particular opening once an employer decides to consider applicants outside of its own organization or employer-union arrangement for that opening.

(e) Postings.

- (1) The Contractor agrees to post employment notices stating (i) the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified special disabled veterans and veterans of the Vietnam era, and (ii) the rights of applicants and employees.
- (2) These notices shall be posted in conspicuous places that are available to employees and applicants for employment. They shall be in a form prescribed by the Director, Office of Federal Contract Compliance Programs, Department of Labor (Director), and provided by or through the Contracting Officer.
- (3) The Contractor shall notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of the Act, and is committed to take affirmative action to employ, and advance in employment, qualified special disabled and Vietnam era veterans.

(f) Noncompliance. If the Contractor does not comply with the requirements of this clause, appropriate actions may be taken under the rules, regulations, and relevant orders of the Secretary issued pursuant to the Act.

(g) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary. The Contractor shall act as specified by the Director to enforce the terms, including action for noncompliance.

38. 52.222-36 - AFFIRMATIVE ACTION FOR HANDICAPPED WORKERS (APR 1984)

- (1) Assist small, small disadvantaged and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. - (2) The annual plan shall be reviewed for approval by the agency awarding the offeror its first prime contract requiring a subcontracting plan during the fiscal year, or by an agency satisfactory to the Contracting Officer.
- (3) The approved plan shall remain in effect during the offeror's fiscal year for all of the offeror's commercial products.
- (h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.
- (i) The failure of the Contractor or subcontractor to comply in good faith with (1) the clause of this contract entitled "Utilization of Small, Small Disadvantaged and Women-Owned Small Business Concerns," or (2) an approved plan required by this clause, shall be a material breach of the contract.

The amount of probable damages attributable to the Contractor's failure to comply, shall be an amount equal to the actual dollar amount by which the Contractor failed to achieve each subcontract goal or, in the case of a commercial products plan, that portion of the dollar amount allocable to Government contracts by which the Contractor failed to achieve each subcontract goal.
- (c) Before the Contracting Officer makes a final decision that the Contractor has failed to make such good faith effort, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate what good faith efforts have been made. Failure to respond to the notice may be taken as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (b) of this clause.

**EXHIBIT A TO
U.S. GOVERNMENT LEASE
CHANGE OF LESSOR FORM**

Supplemental Agreement No. 11

To Lease No. GS- 09B-97097

The following provision is made a part of the Lease:

1. CENTRAL CONTRACTOR REGISTRATION

(a) Definitions

- (1) "Central Contractor Registration database" and "CCR" mean the primary Government repository for contractor information required for the conduct of business with the Government. CCR is a centrally located, searchable database which assists in the development, maintenance, and provision of sources for future procurements.
- (2) "Registered in the CCR database" means that:
 - (i) The contractor has entered all mandatory information, including the DUNS number or the DUNS+ 4 number, into the CCR database; and
 - (ii) The Government has validated all mandatory data fields and has marked the record "Active."
- (b) Lessor must be registered in the CCR database during performance and through final payment under this Lease. Transferee must register via the Internet at <http://www.ccr.gov>. To remain active, Lessor is required to update or renew its registration annually. Transferee must be registered in the CCR for this change of ownership to be approved.
- (c) Transferee represents that Transferee is registered in the CCR database.
- (d) Lessor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, Lessor is required to review and update on an annual basis (from the date of initial registration or subsequent updates) its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (e) (1) (i) If Lessor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the lease), or has transferred the assets used in performing the Lease, Lessor shall comply with the requirements of Subpart 42.12 of the Federal Acquisition Regulations (FAR) and provide to the responsible Contracting Officer the representations contained in this form, fully revised and executed, along with written notification of its intention to (A) change the name in the CCR database; and (B) provide the Contracting Officer with sufficient documentation to verify and confirm the legally changed name or change in ownership.
 - (ii) If Lessor fails to comply with the requirements of paragraph (e)(1)(i) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this Lease.
- (2) Lessor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the CCR database. Information provided to a contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that contractor will be considered to be incorrect information.
- (f) Offerors and contractors may obtain information on registration and annual confirmation requirements via the Internet at <http://www.ccr.gov> or by calling 1-888-227-2423, or 269-961-5757.
